REMEMBER,
IT DIDN'T START WITH GAS CHAMBERS

IT STARTED WITH POLITICIANS DIVIDING THE PEOPLE WITH "US VS THEM." IT STARTED WITH INTOLERANCE & HATE SPEECH AND WHEN PEOPLE STOPPED CARING, BECAME DESENSITIZED MINDLESSLY OBEDIENT AND TURNED A BLIND EYE.

First they came for the Socialists, and I did not speak out--Because I was not a Socialist. Then they came for the Trade Unionists, and I did not speak out--Because I was not a Trade Unionist. Then they came for the Jews, and I did not speak out--Because I was not a Jew. Then they came for me—and there was no one left to speak for me.

Republican Memes
“The alternate domination of one faction over another, sharpened by the spirit of revenge, natural to party dissension, which in different ages and countries has perpetrated the most horrid enormities, is itself a frightful despotism.” FDR

Trump’s authoritarian assault on democracy continues: What lies ahead?

Fascism scholar Ruth Ben-Ghiat: If Trump wins again, America will be “ready for full-on authoritarian rule”

What comes next with Donald Trump in 2020 and the presidential election?

Exacerbation of the polarization. The goal is to leave people so confused about the truth that they are more and more dependent on Trump while also being increasingly disaffected. Trump may capitalize on some horrible event happening to the United States. Donald Trump has made some very scary declarations that the way to unite a country is through some catastrophe. Trump says that he hopes
such a horrible thing does not happen but that is the way a leader can unite the county. Donald Trump has stripped anti-terrorism programs of their resources. He has defunded many national security programs that combat terrorism. If a calamity took place, Donald Trump would use it to declare martial law or some type of ongoing national emergency.

Sanders Says GOP Budget Chair Won’t Hold Hearing on Trump Plan Because It Would Expose President as ‘Fraud That He Is’

“I mean, my goodness, Republicans understand we all have to bow down to our supreme leader, who is the president of the United States, and not criticize him.”
In a 13-page analysis (pdf) of Trump’s budget proposal released Tuesday, Sanders called the plan “deeply immoral”:

_The Trump Budget cuts the Social Security disability program by tens of billions of dollars. It cuts Medicare by about half a trillion dollars. It cuts Medicaid by nearly $1 trillion. And it uses the deficit—which Trump has increased through tax cuts for the wealthy and an unnecessary increase to the bloated Pentagon budget—as an excuse to slash programs for the most vulnerable people in America._

_At a time when nearly one in seven households with children are food insecure, the Trump Budget cuts $182 billion from SNAP, the food stamp program, and $2.5 billion from the nutrition program that provides nutrition assistance for pregnant women, new moms, and their babies. At a time when 45 million Americans hold a collective $1.6 trillion in student debt, the Trump Budget cuts $170 billion from college affordability programs._

_And at a time when the very planet is at risk due to climate change, the Trump Budget does nothing to prevent the oncoming disaster, cutting the EPA by 26 percent next year alone._

...have you read the article? then there should be no questions as to why I view fascist republicans an enemy of the State...in my view this is domestic terrorism because it effects every single one of us...Commondreams doesn’t do advertising, it relies on public donations which makes it a source for news that is in a class all it’s own, trustworthy...

After Trump Impeachment Acquittal, Dems to Largely End Investigations of President

“House Dems did literally the narrowest possible impeachment they could. The overwhelming majority of Trump’s corruption remains uninvestigated.”

“Dems are gonna ‘run on healthcare’ while letting Bill Barr turn the Justice Department into muscle for the Trump organization,” tweeted Atlantic staff writer Adam Serwer.

…with almost 400 Bills passed by the House dead in the Senate and mc connell refusing to secure and protect the vote, the House “leadership” is going to move to kitchen table issues? WTF people’s…the house leadership is complicit in the silent coup of America and it’s Republic…Bang, you’re Dead…

“Democratic Socialism” – Bring it on Corporate Socialists!

Our government today is of, by, and for the dominant corporations

...by Ralph Nader...

https://www.commondreams.org/views/2020/02/15/democratic-socialism-bring-it-corporate-socialists

Some suggestions for Bernie and others to use in this upcoming back and forth on “democratic socialism” vs. “corporate socialism” of the super-rich corporations:

1. Go after the corporate socialists who have invited Wall Street and Big Business to socialize the means of government against the peoples’ necessities and freedoms. It is a government of, by, and for the dominant corporations. Such private power dominating our government in so many reported ways was called “fascism” in 1938 by President Franklin D. Roosevelt in a formal message to Congress. This is a fertile field for taking the offensive.

2. “Democratic socialism is a political force in countries like Denmark, Sweden, Finland, Norway, the Netherlands, sometimes Canada, and others. In these places, it means all the people in those countries get their taxes returned in the form of improved livelihoods, economic security, and peace of mind. Democratic socialism means better pay, universal healthcare, pensions, daycare, family sick leave, vacations, tuition-free higher education, robust public transit and parks, and many other amenities backed by stronger unions, denied the American people in the “land of the free and home of the brave.” Since World War II, the European political movements were led by “social democratic” parties.
‘When the 99% Stand Together, We Can Transform Society’: More Than 11,000 Rally for Sanders in Colorado

“This is a campaign by the working class, of the working class, and for the working class,” Sanders told the crowd in Denver.

Kelly Canfield, a 57-year-old business analyst from Denver who attended the rally Sunday, told Burness he is heartened that Sanders’ progressive agenda has gone mainstream despite continued efforts to paint the senator’s candidacy and policy proposals as fringe.

“It’s about time,” Canfield said. “None of it is radical. To me, if the Democratic Party picks Bernie, it’s more like going home, to FDR, instead of running to the right like they have been. This is as American as apple pie.” …my bold…

Sanders Applauds New Medicare for All Study: Will Save Americans $450 Billion and Prevent 68,000 Unnecessary Deaths Every Year

Medicare for All will save Americans $450 billion and prevent 68,000 unnecessary deaths each and every year.

The study is the latest in a series of studies conducted over the past three decades that have found that guaranteeing universal health care through a single-payer health care system would not only dramatically improve the health and well-being of the American people, it would cost less than our current dysfunctional health care system that puts profits over people.

Last month, another medical journal found that 19 out of 22 studies done over the past 30 years concluded that moving to a Medicare for All, single-payer health care system would cost less than our current health care system in the first year, and all of the studies showed that it would cost less within a decade of implementation.
