TREASON

18 U.S. Code § 2381 - Treason

Whoever, owing allegiance to the United States, levies war against them or adheres to their enemies, giving them aid and comfort within the United States or elsewhere, is guilty of treason and shall suffer death, or shall be imprisoned not less than five years and fined under this title but not less than $10,000; and shall be incapable of holding any office under the United States.

“...or adheres to their enemies...”

...we are now a lawless Fascist State...

...our Republic has been over-thrown...

...beware...be aware...
My family has been here in America 363 years, since 1657. From the beginning we have served this country to the best of our abilities. We fought on the decks of the USS Constitution, on the hills, valleys and farm fields of the State of New York, we signed the Founding Documents, my Great Grandfather Satchell fought in the battle of Verdun during WW1, my Grandfather Hoffman was a Commodore during WW2 and today I am discovering it was all for naught. There are forces alive today willingly throwing away our Republic, crushing our histories into dust and creating a nightmare yet to be envisioned or realized. This is breaking my spirit, this is my blood, my DNA. In my own awkward fashion I have fought for what I thought we all had fought for, the betterment of our fellow citizens. The repulsive and repugnant things said during the impeachment hearings by the Presidents council burned my soul for their total lack of logic and total disregard for the rule of law. I do not know how to heal from such wounds or know if it is even possible. I feel empty of spirit, my blood runs cold and my soul a frozen vacuum. No longer is there a guiding light, it has been snuffed out. Now there is only a deep sadness, so deep there are no tears. 51 to 49 against having witnesses and documents during the trial. All of them republicans. Thus, no trial. A crushing blow to our Republic and the rule of law. The fascist’s have over-run our Republic, soiled our deliberative bodies of Congress and shredded the Constitution. The very air is fouled with the stench of perversion of what once was right and truth. A King has
been forged in the fires of Hell. Our shared past has been laid to rest in the grave of Chaos.

“One of the great American industrialists of our day—a man who has rendered yeoman service to his country in this crisis-recently emphasized the grave dangers of “rightist reaction” in this Nation. All clear-thinking businessmen share his concern. Indeed, if such reaction should develop—if history were to repeat itself and we were to return to the so-called “normalcy” of the 1920’s—then it is certain that even though we shall have conquered our enemies on the battlefields abroad, we shall have yielded to the spirit of Fascism here at home.”

Republican lawmaker claims Constitution says it’s okay to shoot socialists

Now do you understand what has happened to America?
I want to thank Rep. Adam Schiff, the House Impeachment Managers and their Staff for standing up for truth and right with dignity and purpose. That purpose is the defense of our Republic and it’s democratic institutions. This is the color of valor, that cannot be denied. Yes, Rep. Schiff, it is midnight in America.

Trump Reportedly Compiling Nixonian ‘Enemies List’ as He Seeks Revenge for Impeachment

“McConnell hasn’t even held the final vote to launch the post-checks and balances era, and already the would-be authoritarian is escalating his abuses of power.”

Senate prepares to acquit Trump and end impeachment process
The Tennessee senator Lamar Alexander explained last week why he voted against hearing fresh testimony from witnesses, a move that helped speed the trial’s end but displayed a rare public criticism of Trump by a Republican and a boost for the Democrats’ presentation of the facts.

“There is no need for more evidence to prove something that has already been proven and that does not meet the US constitution’s high bar for an impeachable offense,” Alexander said in a statement.

He added: “It was inappropriate for the president to ask a foreign leader to investigate his political opponent and to withhold United States aid to encourage that investigation. But the constitution does not give the Senate the power to remove the president from office and ban him from this year’s ballot simply for actions that are inappropriate.”

…abuse of power is the very reason this country exists, read the Declaration of Independence, get a clue folk’s…members of my family signed that document, I take this very personal and so should you, this is your country being stolen by fascists in a soft or silent coup…if he is acquitted what does that make those that voted for acquittal? This is Treason going on right before your very eye’s, wake the F-UP!!!
